Instructions	Sony is offering a free inspection and, if necessary, a rework to ensure the problem does not reoccur. Sony would ask consumers to check whether their VAIO TZ notebook is subject to the voluntary inspection and rework programme, and to let them know if you would like to request an inspection where applicable. For customers owning a VAIO notebook that are subject to the voluntary inspection and rework programme, Sony will arrange to collect the notebook, inspect and, where applicable, rework it, free of charge. This inspection and rework programme is being managed directly from their VAIO Support Team, so please do not return your VAIO to the retailer or dealer. To find out whether your VAIO VGN-TZ notebook is subject to the VAIO TZ Inspection Programme, please call their toll-free number on 1800 837475 on weekdays from 8am to 6pm.
